WHAT IT IS

Tabletop Tavern brings two bookable modes to your venue: a self-serve timber library cabinet with 50 to 70 curated games, and eight hosted live-night formats marketed and run by Fortress. Book the cabinet, the hosted nights or both. The library gives guests an easy reason to settle in together; the program turns selected nights into repeatable social occasions.

WHY IT MATTERS TO YOUR VENUE

- Turns a quiet corner or underused night into a social reason to visit and stay.
- A shared game holds a table for hours, supporting food and drink sales throughout the session.
- Accessible formats welcome families, first dates, regulars and experienced tabletop communities.
- The cabinet is self-serve. Hosted nights add a trained Games Master or host when the venue wants a programmed occasion.
- Eight day-agnostic live formats let each venue build a program around its own trading week.

WE SERVICE AND REPLENISH

The cabinet and hosted nights are independent bookable modes. Add a host and live format without taking the cabinet, or install the cabinet as a self-serve library without a hosted program.

COMMERCIAL SHAPE

FORTRESS-OPERATED HIRE: CABINET, HOSTED NIGHTS OR BOTH. TAILORED QUOTE WITHIN FIVE BUSINESS DAYS.

Each deployment is scoped to the selected mode, live-night format, branding, duration, delivery logistics and optional layers. Venue, food and beverage, and prize pools sit outside scope.

Each cabinet is configured and commissioned for your venue, released in scheduled commissioning windows. Lead time confirmed at quote.

OWN THE INSTALLATION

A library cabinet and tavern fit-out your venue owns outright. Fortress designs and builds it to the locked Fortress specification, commissions it on site, and services, curates and replenishes it under a managed-service agreement. Hosted nights are booked per event in either model. Venue-owned installations are scoped and priced by proposal.
